Train the Trainer for LV/HV

16-Hour Course (TTT Portion)

OVERVIEW	Our Train the Trainer Program is available to companies with multiple shift and/or multiple personnel requirements. The e-Hazard TTT format and all teaching materials have been designed based on best practices by a professional adult education specialist. Attendees receive a comprehensive understanding of the materials, a thorough discussion of teaching techniques, videotaping of teaching and delivery style, and extensive teacher and peer evaluations of their instruction.
